GET OUT OF Afghanistan

Bring the Troops Home Now!

5 Wars Too Many:
End U.S. wars & interventions in Afghanistan,
Pakistan, Libya, Yemen & Iraq!

How is the war economy working for you?
People need jobs and housing, not war!

In July the Obama Administration is supposed to announce plans to start withdrawing U.S. troops from Afghanistan. By all accounts Obama is not planning a real withdrawal, but will keep the war in Afghanistan going, and may be planning on keeping U.S. troops there until 2017. Be part of an anti-war demonstration July 7 to say: The Time to Leave is Now!
