

FREE BRADLEY MANNING

Join us for a rally and vigil on Monday, August 1st from 5-6pm to raise awareness on the alleged whistleblower and WikiLeaks source, Bradley Manning. Despite sitting in jail from more than a year including many months in inhumane conditions at Quantico, Virginia, Bradley Manning continues to be unknown to many as an alleged source of some of the most important leaks in the past few decades of government documents and videos on the crimes of our government. Please join us for a short rally with speakers, banners, and more on August 1st!

5-6 pm Monday, August 1st
