

President Obama is coming to town

Stop Attacks on Anti-War Activists! Money for Human Needs Not War!

President Obama is coming to Minneapolis to speak to the American Legion Convention. We have the opportunity to take our message to him directly. Let's give him a loud and proud Minnesota protest! Join us in demanding he end political repression on anti-war and international solidarity activists, and that he end the wars and occupations in Afghanistan, Iraq and Libya! We have held many call-in days to

President Obama - but he has done nothing to stop harassment of our activists. Make plans to join us on Tuesday, Aug. 30!
